

ROSARY PRIVATE SCHOOL, SHARJAH MUWEILAH BRANCH FOUNDATION STAGE-1

NEWSLETTER ISSUE: OCTOBER, 2019

Dear Parents,
Welcome to the world of Rosary and an exciting year ahead!

A warm welcome to all the parents who were the part of our family and who have joined us in this new academic year. We have started with lots of zeal and enthusiasm by stepping into new world of learning with fun. We hope you are refreshed after exciting holidays and are ready to embark on an important milestone in your child's life.

Foundation stage is a formative year where children undergo important progressive changes which make a child an independent learner. We try to make the children owner of their learning. Education is a collaborative effort of teachers and the parents. Your involvement, interest, and enthusiasm will help to make this a wonderful year of growth for you and your child. Be assured that we will do our best to make this school year an enjoyable time for your child, but also a time filled with real learning. Please do not think your child will be just "playing" all day! The skills we practice daily in foundation stage are the building blocks for your child's future success in school and in life!

Take a moment to imagine the foundation stage world: letters, numbers, stories, sharing blocks, puzzles, play, paint and play-dough. Imagination and creativity are everywhere. As you talk with your child about their day and celebrate their best effort on the work they do, remember that foundation stage is a "child's garden."

In our school the learning is accomplished by doing, touching, and experiencing. At this early stage of learning, it is important to set routines in your child's life. Try to set aside time each day to discuss what your child did in school. We are here to impart best education with high potentials, ability and being an advocate for their education. The month of September was a mixed reaction month where some of our children were happy to enjoy the school while others were taking time be apart from their care taker.

We had celebrated **WELCOME TO SCHOOL DAY** in the school premises on 24th September, 2019 to let the children be friendly with each other and develop the sense of sharing and cooperation. Glance on the work we are focusing on:

Letter from Head of Foundation Stage,

We would like to welcome you all into new journey of learning. A way back when we started our journey with the high dreams to achieve and we are very happy to say that we are successful in making it possible.

We have developed a good concept of having interesting, exciting, safe and better opportunities for the children to achieve their goals. We believe in providing absolute conditions to support in developing young child's brain. And we're also constantly updating ourselves to match up with the real world and international standards.

With immense pleasure we would like to tell you that the children from our school are happy, confident children with good imaginations, high potential and remarkable creativity.

With a fabulous team of staff, we're able to offer your children a really exceptional learning environment. We encourage the development of the children's self-esteem, their confidence in themselves and their own abilities, and become an independent learner.

Let us begin the exploring journey to discover education.

Our main motto is, "Every child matter".

I would like to meet you at any time to interact and exchange our ideas.

Wishing you fun filled and exciting year ahead.

Best wishes,

Sr. Maria
