

Rosary Private School, Muweilah Report on Sharjah International Book Fair Innovation Platform [2020-2021]

Sharjah International Book Fair is a gateway to a wide audience of people who come together for the love of written word. SPEA opened an opportunity for the schools to participate in the Sharjah International Book Fair. The objective of the initiative was to provide students a platform to display their talents and innovative ideas –be it cultural, scientific, environmental, art, or community. This year the duration of the event was from 7th to 14th of November and the eligible candidates were from grades 5 and 9.

As part of its initiative a part of the Authority's activities provided the platform to highlight the innovations of private school students by displaying students' innovative conceptions. Our school has made entries for students of grade 5 and 9 showing excellent conceptions in all fields (cultural, scientific,). A total of eight entries were selected by SPEA and our students were given the opportunity to display their work. The students made the best use of all the facilities and logistics provided by the Sharjah International Book fair to showcase their excellent piece of work. The schedule was provided by SPEA based on selected entries of our school as shown below.
