

PRINCIPAL'S MESSAGE

Welcome back!

As school and classroom learning is approaching back to normal, I feel very delighted to welcome you all back to school. I thank our regulators SPEA for their continuous support and advise for keeping us updated about the essential requirements to be established for the smooth running of the school and ensure students' safety. I also express my gratitude to all my teachers, our IT Department and administration staff and non –teaching staff for their relentless support extended to accomplish the safety measures in the school.

We have been working hard all summer for the safe opening of school and to implement the guidelines by the Health and Disaster Management to mitigate the risks associated with Covid-19. Your safety begins right from the sanitization tunnel lodged at entrance point to our classrooms that have been modified to increase safe distancing, signage posted throughout the building, automatic hand sanitizing stations installed throughout the corridors, staggered timings and different entrance and exit points.

We know that this is an anxious time for all of us. I assure you of our very best effort to ensure the safety of each and every student. I appreciate and thank all the parents who encourage us and support the decisions we make to manage the changes the pandemic has inflicted on us.

Plans may change and hence communication is a key factor. We will continue to update you through e-mails, school voice, school website and social media. We expect your support as you work with students at home to practice safety protocols. I would request all of you to go through the protocols uploaded in the school voice to be acquainted with the changes in the school procedure as we navigate the COVID-19 pandemic.

Once again I welcome each one of you back to Rosary and let us all step into this new academic year with resilience and mindfulness for a smooth and rewarding journey all through this school year.

Warm Regards

Principal
Sr. Raphael Bader
