**Activity :** Fruit Salad and healthy sandwiches.

**Upcoming events;** Prophet Mohd. (PBUH), Children's Day, Commemoration Day and National Day

#### A note from the Head of Foundation Stage

The children have settled well into the school and the anxieties of "newness" have disappeared and they are becoming more confident as days go by. As an academic institution, we thrive to plan activities and offer opportunities to our children to turn them not only to brilliant learners but also into great human beings.

The theme we focused on was 'Look at me' which gave good knowledge to the children about themselves and the importance of family & home, friends & school. The children were taught on topics related to kindness, sharing, caring, cooperation etc. etc. We always make sure that the activities carried out should impart knowledge, information and develop a sense of awareness in the student. These included 'Parts of the body' and 'Five senses'. We concluded this theme with a wonderful and fun-loving performance by our FS – 1&2 teachers in an assembly program.

Moving forward to our next themes - Healthy and Unhealthy Food. This focuses on the importance of being healthy and to be aware of the selection of food for their growth and development.

Celebrating Children's Day is one of the events we would like to do to let our children know they are special.

We will be organizing a National Day program to help them to know about the country they live in, its special features, cultures and traditions. Knowledge about the rulers of the different emirates and the geographical features will be given to the students.

Looking forward to another successful month.  
Thanking You  
Sr. Josephine

## الرسالة الشهرية للروضة الثانية رقم (2)
